

CIS*2460 – Fall 2010 Modelling of Computer Systems

Instructor: Yang Xiang

Y. Xiang CIS 2460 - Modelling of Computer Systems

1

Course Introduction

- Study discrete event simulation of computer systems, as well as systems in business, industry and engineering
- Lectures
 - ☐ Lectures will help students understand better than reading alone.
 - ☐ Historical performance of students in my classes is highly correlated with frequency of attendance.
- Interaction
 - ☐ Questions during lectures are highly encouraged.

Y. Xiang CIS 2460 - Modelling of Computer Systems

2

Schedule

- Instructor office hours
 - ☐ Wed 9:20-10:20AM
 - ☐ After lecture consultation
 - ☐ Email for appointment
- TA office hours (Weeks 3 – 12)
 - ☐ Monday: 12:30 – 1:30PM
- I will present a paper at European Workshop on Probabilistic Graphical Models (Sept 13-15).
 - ☐ Sept 13: Lecture is cancelled.
 - ☐ Sept 15: Relevant calculus will be reviewed by TA.

Y. Xiang CIS 2460 - Modelling of Computer Systems

3

Labs and Assignments

- Labs: About five in weeks 4, 6, 7, 9 and 11
 - ☐ Will be announced in class
- Assignment submission
 - ☐ See course website at my homepage
 - ☐ Hardcopy + electronic (email address)
- Marking
 - ☐ Bring all concerns with marking to the instructor
